BILLING

Patients must pay co-pay before each visit. Any returned checks will be subject to a \$30.00 charge. Pending balances will be billed to you. We are happy to make payment arrangements with you. Our office submits all claims to the insurance carrier you provide to us. We will continue to submit claims for all services we provide. Please understand that there are services your insurance carrier may consider "non-covered".. Our patients will be responsible for payment of these charges should your insurance carrier deny coverage. Your insurance carrier defines an annual physical as "A routine evaluation and management service in the absence of patient complaints including history, physical examination, risk factor reduction intervention and the ordering of laboratory/diagnostic procedures". If an illness or injury is discovered during an annual physical examination, an additional office visit code is to be billed. Your insurance company established this billing system following their reduction (by more than 50%) in payment for annual examinations. Therefore, you may find that we have billed your insurance carrier for a preventive visit as well as an additional visit on the same date of service. INITIAL_____
